

Audio & Video Tours **ON DEMAND**

Storytelling with a Technical Twist...

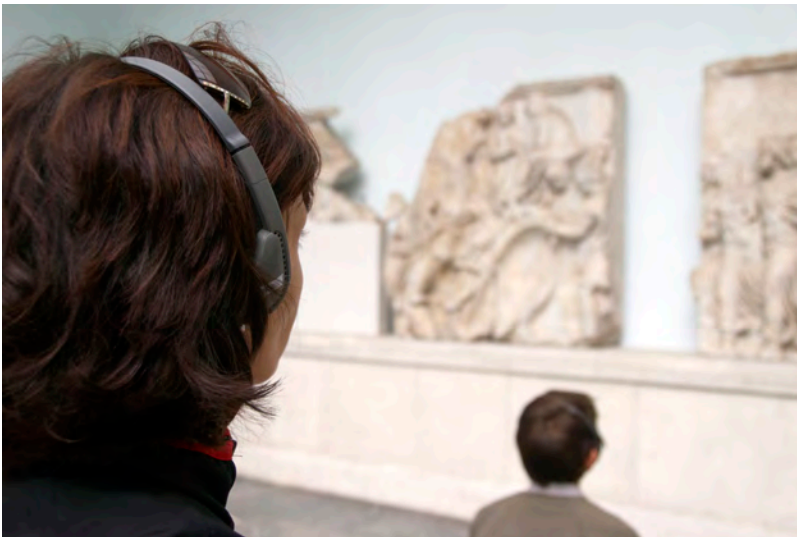

Audio tours and podcasts entertain and educate visitors about your destination, attraction, museum or historical site.

With the use of narration, character voices, sound effects, and music, audio tours engage the listener and leave them with a memorable experience.

Our Services Include:

- Creation of an original script or enhancement of an existing one
- Creation of family and/or adult tours
- Integration of archival audio visual materials into the tour
- Tours offered through a variety of listening devices (iPods, mp3 players, cell phones, kiosks, etc)
- Multilingual tours

To listen and/or see samples, visit www.AJRMediaGroup.com/AudioTours

OPTION 1: Audio(only) Tour

Tour will include:

- Script Consultation-(making sure that the script is listener friendly)
- Professional voice talent narration
- Professional male, female and children’s Character Voice talent (as needed)
- Sound Effects
- Archival audio footage (if available and appropriate to tour)
- Music to introduce and exit tour segments (and other appropriate places as needed)

This may include music:

- from our extensive music library
- period/historical music
- original music to add to the ambience, story and experience

- Studio Time
- Editing
- Formatting the recording for portable listening devices
- Uploading it onto your server (hosted solutions available)
