

Top 10

Why **MAP** Will Deliver More Customers to Your Door

1. **Sheer Numbers** - annual circulation is the largest in the market.
2. **Distribution** -- unmatched network; convention delegate outreach; State Welcome Centers; local hotels -- downtown and suburban; airport information counters; car rental offices.
3. **Literature of Preference** - A map is the only item specifically sought by visitors. Magazines may be accepted if offered. But, visitors ask for maps.
4. **Portability** - only literature carried about the city throughout the visitor's stay. Only a map fits into a pocket, or purse -- magazines don't.
5. **Shelf Life** - most people will discard magazines and newspapers after one reading. People collect maps and refer to them over and over.
6. **Pictorial Display** - only **MAP** can -- and does -- place each of your firm's logos and telephone numbers at their site(s) on the map.
7. **International Visitors** - may not be able to read an English language magazine; but they can read the **MAP**. Foreign travelers ask for a map.
8. **See & Do Series** - only **MAP** presents sample daily itineraries for the reader. Your firm would be featured with a promotional entry.
9. **Distribution Reports** - only **MAP** provides a report to the advertiser detailing where each copy has been distributed.
10. **Value** - **MAP** gets you the broadest reach for the best effective cost per thousand in the market.

People can't do a nickel's worth of business with you until they find you.
